This will confirm the plan I have already discussed with you for a suppliers' meeting to be held on 30 and 31 August on the West

Coast. We will spend one day

The other day we will devote to a meeting down town at some appropriate location to be arranged.

I hope we can use the first day not only for sightseeing but to discuss on the ground matters having to do with operations at

Most of the technical problems on systems integration we will reserve for the meeting down town.

Dick
